

Hutt International Boys' School

You are invited

TO BUILD A FOUNDATION FOR
NEW ZEALAND'S FUTURE

HUTT INDEPENDENT BOYS' SCHOOL

***FOUNDATION
TRUST***

*Offering a world of opportunities
for generations of learning*

HIBS Foundation

HUTT INTERNATIONAL BOYS' SCHOOL

has a

VISION

for the future

A vision where the young men that pass through its doors today will go on to become New Zealand's leaders tomorrow, where an education of the highest standard is supported by the traditional Christian values of family, friendship and faith in an environment where young men are nurtured and encouraged to be their absolute best.

In time, these capable young men will be launched into the world, where the values, discipline and teachings of a HIBS education will make a positive difference to the wider New Zealand community.

Already in its short history, HIBS has established itself as one of New Zealand's leading boys' schools. With enviable NCEA success results consistently achieving above 90% over recent years, HIBS is justifiably proud of the achievements of its young men. A few worthy of note are:

Chris Bishop (2001) – Proxime Accessit, Bachelor of Law (First Class Hons) and Arts from Victoria University. Researcher for Prime Minister, John Key, and advisor to Cabinet Minister, Gerry Brownlee. Currently Corporate Affairs Manager for a large multinational organisation.

Michael Wilson (1998) – BA in International Relations from Stanford University USA. Recognised footballer as NZ All Whites player. Michael is currently managing Wilson Investment Management Ltd.

Daniel Keat (2005) – Dartmouth College in USA, receiving degrees in Government/ International Relations and Philology. As an avid footballer, Daniel has been drafted (2011) by LA Galaxy.

James McPeake (2009) – Joint Academic and Sports Scholarship to Fairleigh Dickinson University, USA.

Ludwig Treviranus (2008) – Bachelor of Music and MA in Music with Master's Degree in Music from Auckland University. Currently at Florida State University to undertake Doctorate of Music.

Mark Cordiner (2004) – Proxime Accessit as Year 12 student. Four scholarships in Mathematics with Statistics, Maths with Calculus, Physics and History. In 2005 Mark was awarded Asia/NZ Foundation Undergraduate Scholarship for University in Singapore, achieving a Bachelor of Science. Mark is currently teaching in Singapore.

Plus many more outstanding young men...

The HIBS Foundation

The HIBS Foundation

The Hutt Independent Boys' School Foundation Trust (The Foundation) is a charitable trust established to provide financial support to HIBS through academic, sports and arts/cultural scholarships, co-curricular grants and other distributions, as well as donations to special projects.

It is administered by an independent Board of Trustees, each one of whom is dedicated and passionate about the value of the HIBS education and committed to ensuring the future development and financial security of the school for generations of learning.

And we're asking you to help...

Let's make a

.....
DIFFERENCE
.....

The HIBS Foundation is extending a hand to HIBS and the wider community to join us in helping our young men become leaders. People like you who appreciate the value of an environment where hard work is rewarded and where young men can aspire to educational excellence. People who share our values, ambitions and desire to help our young men succeed and become future leaders of our nation.

This is a unique opportunity for you to make a difference, to provide a firm foundation for our young men who aspire to be successful in their chosen field.

Your philanthropic support now will benefit New Zealand for generations to come.

Pledge your support for tomorrow's

.....

LEADERS

.....
